# Background and Path

- **Name: Joe Saad**

- **Computer and Communications Engineer**

- **Specialization: Telecommunication Networks**

- **Skills: Mobile Networks, Wireless Networks, IoT, SDN**

- **Knowledge: Development (C++, Java, Python), Systems (Linux)**

- **Experience:**

Research Assistant at ESIB MPTCP in wireless networks

Research Assistant at IRISA Full Duplex OFDMA Networks

IoT for Smart Parking Lots (Graduation Project)

Computer and Communications Engineering ESIB

Area Specialist at Murex Systems

PhD

July 2015

July-September 2016

February-May 2017

June 2017

July 2017- March 2021

April 2021- Present

Joe Saad

PhD Topic: Evolution of the RAN and Radio Resource Optimization

Supervised by:

Joe Saad
